

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Vavrik
DOCKET NO.: 22-01044.001-R-1
PARCEL NO.: 15-05-203-017

The parties of record before the Property Tax Appeal Board are Susan Vavrik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,471
IMPR.: \$95,740
TOTAL: \$119,211

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,170 square feet of living area. The dwelling was constructed in 1977 and is approximately 45 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 420 square feet of building area. The property has an approximately 6,499 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.58 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with either 1,868 or 2,347 square feet of living area. The homes are either 38 or 45 years old. The comparables each have a basement with two having

finished area. Each comparable has central air conditioning, one fireplace, and a garage with either 441 or 462 square feet of building area. The comparables have improvement assessments ranging from \$69,262 to \$90,970 or from \$37.08 to \$38.76 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$81,640 or \$37.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,211. The subject property has an improvement assessment of \$95,740 or \$44.12 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables located in the same assessment neighborhood code as the subject property and within 0.63 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction each containing 2,170 square feet of living area. The homes were built in either 1976 or 1977. Each comparable has an unfinished basement, central air conditioning, and a garage with 420 square feet of building area. Six comparables each have one fireplace. The comparables have improvement assessments ranging from \$100,308 to \$102,903 or from \$46.22 to \$47.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than other comparables in this record and/or have basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical to the subject in dwelling size as well as being overall more similar in location, design, age, and most features. These comparables have improvement assessments that range from \$100,308 to \$102,903 or from \$46.22 to \$47.42 per square foot of living area. The subject's improvement assessment of \$95,740 or \$44.12 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
