

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Whiteman  
DOCKET NO.: 22-01055.001-R-1  
PARCEL NO.: 16-15-112-001

The parties of record before the Property Tax Appeal Board are Adam Whiteman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,508  
**IMPR.:** \$104,505  
**TOTAL:** \$156,013

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,980 square feet of living area. The dwelling was constructed in 1962 and is approximately 60 years old. Features of the home include a finished lower level and a 483 square foot garage. The property has an approximately 11,787 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level homes of brick or stone exterior construction ranging in size from 1,624 to 2,098 square feet of living area. The dwellings range in age from 60 to 68 years old. Each home has a lower level with finished area and one or two fireplaces. Three

homes have central air conditioning and three homes each have a garage ranging in size from 460 to 529 square feet of building area. The comparables have improvement assessments ranging from \$68,233 to \$86,942 or from \$38.41 to \$43.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,013. The subject property has an improvement assessment of \$104,505 or \$52.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with tri-level homes of wood siding or brick and wood siding exterior construction ranging in size from 1,946 to 2,010 square feet of living area. The dwellings were built in 1962 or 1963. Each home has a finished lower level and a garage ranging in size from 440 to 483 square feet of building area. Seven homes have central air conditioning and six homes each have a fireplace. The comparables have improvement assessments ranging from \$105,248 to \$110,136 or from \$54.01 to \$55.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial difference from the subject in dwelling size or garage amenity.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are more similar to the subject in dwelling size, age, location, and features, although seven comparables have central air conditioning unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$105,248 to \$110,136 or from \$54.01 to \$55.66 per square foot of living area. The subject's improvement assessment of \$104,505 or \$52.78 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
