

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Evans  
DOCKET NO.: 22-01162.001-R-1  
PARCEL NO.: 16-34-305-049

The parties of record before the Property Tax Appeal Board are Michael Evans, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$77,599  
**IMPR.:** \$228,450  
**TOTAL:** \$306,049

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,003 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include a finished basement, central air conditioning, a fireplace, and a garage containing 704 square feet of building area. The property has an approximately 19,840 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .2 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 4,013 to 4,550 square feet of living area. The homes are 32 to 34 years old. Each dwelling has central air conditioning, a fireplace, a basement with finished

area, and a garage ranging in size from 758 to 964 square feet of building area. The comparables have improvement assessments ranging from \$151,213 to \$188,517 or from \$35.29 to \$46.98 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$166,024 or \$41.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$306,049. The subject property has an improvement assessment of \$228,450 or \$57.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .15 of a mile of the subject and within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #4. The comparables consist of two-story or part one-story and part two-story<sup>1</sup> dwellings of stone and wood siding, wood siding and brick, or stucco exterior construction ranging in size from 3,712 to 4,297 square feet of living area. The homes were built from 1988 to 2020. Each dwelling has central air conditioning, one or three fireplaces, a basement with finished area, and a garage ranging in size from 693 to 897 square feet of building area. The comparables have improvement assessments ranging from \$233,180 to \$296,103 or from \$57.40 to \$79.77 per square foot of living area.<sup>2</sup> Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the board of review's comparable #1, which differs from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables, including the shared comparable, and board of review comparable #3, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$151,213 to \$246,660 or from \$35.29 to \$58.11 per square foot of living area. The subject's improvement assessment of \$228,450 or \$57.07 per square foot of

<sup>1</sup> Although the board of review's grid describes comparable #1 as a one-story dwelling, the grid reports a 2,499 square foot ground floor and 3,712 square feet of above ground living area, indicating that this property is a part two-story dwelling.

<sup>2</sup> The board of review's grid lists an improvement assessment for the shared comparable of \$233,180 or \$58.11 per square foot of living area, which was not refuted by the appellant in rebuttal.

living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
