

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Draluck
DOCKET NO.: 22-01167.001-R-1
PARCEL NO.: 16-25-106-041

The parties of record before the Property Tax Appeal Board are Jeffrey Draluck, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$126,326
IMPR.: \$365,940
TOTAL: \$492,266

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 5,202 square feet of living area. The dwelling was constructed in 2001 and is approximately 21 years old. Features of the home include a finished basement, central air conditioning, two fireplaces, and a garage containing 733 square feet of building area. The property has an approximately 17,215 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within one mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of Dryvit, stucco, or brick exterior construction ranging in size from 4,670 to 5,241 square feet of living area. The homes are 15 to 27 years old. Each dwelling has central air conditioning, one, two, or five fireplaces, a basement

with finished area, and a garage ranging in size from 484 to 888 square feet of building area. The comparables have improvement assessments ranging from \$245,532 to \$304,747 or from \$52.21 to \$58.15 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$287,800 or \$55.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$492,266. The subject property has an improvement assessment of \$365,940 or \$70.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .69 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.75-story or 2-story dwellings of Dryvit, brick, stone and stucco, or brick and stone exterior construction ranging in size from 4,950 to 5,377 square feet of living area. The homes were built from 1999 to 2007, with comparable #2 having an effective age of 2001. Each dwelling has central air conditioning, one to three fireplaces, a basement with finished area, and a garage ranging in size from 724 to 1,076 square feet of building area. The comparables have improvement assessments ranging from \$372,101 to \$418,007 or from \$75.17 to \$77.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$245,532 to \$418,007 or from \$52.21 to \$77.74 per square foot of living area. Excluding the high and low improvement assessments from the analysis results in a tighter range from \$247,804 to \$415,174 or from \$53.06 to \$77.37 per square foot of living area, including land. The subject's improvement assessment of \$365,940 or \$70.35 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
