

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tania Dimov
DOCKET NO.: 22-01170.001-R-1
PARCEL NO.: 16-36-417-005

The parties of record before the Property Tax Appeal Board are Tania Dimov, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,554
IMPR.: \$71,749
TOTAL: \$151,303

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 1,728 square feet of living area. The dwelling was constructed in 1948, is approximately 74 years old, and has an effective age of 1950.¹ Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 209 square feet of building area. The property has an 11,700 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .7 of a mile of the subject and within the subject's assessment

¹ Details not reported by the appellant were drawn from the subject's property record card submitted by the board of review.

neighborhood. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 1,769 to 2,136 square feet of living area. The homes are 68 to 122 years old. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 180 to 400 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$66,744 to \$73,132 or from \$34.24 to \$37.73 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$62,942 or \$36.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,303. The subject property has an improvement assessment of \$71,749 or \$41.52 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .55 of a mile of the subject and within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of brick or wood siding and stone exterior construction ranging in size from 1,640 to 1,956 square feet of living area. The homes were built from 1937 to 1950, with comparable #4 having an effective age of 1967. Each dwelling has one or two fireplaces, a basement with three having finished area, and a garage ranging in size from 180 to 420 square feet of building area. Four comparables have central air conditioning. The comparables have improvement assessments ranging from \$72,894 to \$107,473 or from \$37.27 to \$65.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the appellant's comparables #1 and #2, which differ from the subject in age. The Board also gives reduced weight to board of review comparables #3 through #5, which feature finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4, which includes the shared comparable, along with board of review comparable #1, which are similar to the subject in age, location, dwelling size, and some features, noting board of review comparable #1 lacks central air conditioning suggesting an upward adjustment would be necessary to make this comparable more equivalent to the subject. These comparables have

improvement assessments that range from \$66,744 to \$96,950 or from \$37.27 to \$55.07 per square foot of living area. The subject's improvement assessment of \$71,749 or \$41.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
