

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dino Dimitriou
DOCKET NO.: 22-01171.001-R-1
PARCEL NO.: 16-26-407-014

The parties of record before the Property Tax Appeal Board are Dino Dimitriou, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$104,276
IMPR.: \$175,902
TOTAL: \$280,178

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,419 square feet of living area. The dwelling was constructed in 1979 and is approximately 43 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, two full and one half bathroom, and a garage containing 483 square feet of building area. The property has an approximately 19,550 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .7 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 2,891 to 3,653 square feet of living area. The homes are 44 to

55 years old. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 529 to 783 square feet of building area. Two comparables each have a fireplace. Three comparables each have two full and one half bathrooms and one comparable has five full and one half bathrooms. The comparables have improvement assessments ranging from \$116,307 to \$151,616 or from \$40.23 to \$41.79 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$140,606 or \$41.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$280,178. The subject property has an improvement assessment of \$175,902 or \$51.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .3 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,930 to 3,370 square feet of living area. The homes were built from 1956 to 1980, with comparables #4 and #5 having effective ages of 1988 and 1974, respectively. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area, and a garage ranging in size from 462 to 1,015 square feet of building area. The comparables each have either two full and one half bathrooms, three full and one half bathrooms, or four full bathrooms. The comparables have improvement assessments ranging from \$164,112 to \$176,523 or from \$51.62 to \$57.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #4, which differ from the subject in age, dwelling size, bathroom count, and/or basement finish. The Board also gives reduced weight to board of review comparables #3 through #5, which differ from the subject in effective age, bathroom count, and/or basement finish.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with board of review comparables #1 and #2, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$130,205 to \$173,965 or from \$41.31 to \$54.75 per square foot of living area. The subject's

improvement assessment of \$175,902 or \$51.45 per square foot of living area falls within the range established by the best comparables in this record on a per-square-foot basis. While the subject's overall assessment is slightly above the range, the Board finds it logical given the subject's larger dwelling in relation to the best comparables. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
