

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Diambri
DOCKET NO.: 22-01172.001-R-1
PARCEL NO.: 16-26-101-059

The parties of record before the Property Tax Appeal Board are Paul Diambri, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$93,940
IMPR.: \$83,298
TOTAL: \$177,238

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick exterior construction with 1,938 square feet of living area. The dwelling was constructed in 1967 and is approximately 55 years old. Features of the home include a finished lower level, central air conditioning, and a garage containing 816 square feet of building area. The property has an approximately 14,850 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 1.8 miles of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of wood siding or brick exterior construction ranging in size from 1,720 to 2,385 square feet of living area. The homes are 58 to 68 years old. Each dwelling has central air conditioning, a fireplace, a finished lower level, and

a garage ranging in size from 308 to 598 square feet of building area. The comparables have improvement assessments ranging from \$63,388 to \$81,513 or from \$34.89 to \$37.36 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$70,300 or \$36.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,238. The subject property has an improvement assessment of \$83,298 or \$42.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 1.04 miles of the subject and within the subject's assessment neighborhood. The comparables consist of tri-level dwellings of brick, brick and wood siding, or stone and wood siding exterior construction ranging in size from 1,799 to 2,168 square feet of living area. The homes were built from 1953 to 1959, with comparable #1 having an effective age of 1979. Each dwelling has central air conditioning, one or two fireplaces, and a finished lower level. Three comparables each have a basement with one having finished area, two comparables each have an inground swimming pool, and four comparables each have a garage ranging in size from 528 to 599 square feet of building area. The comparables have improvement assessments ranging from \$81,607 to \$120,606 or from \$45.36 to \$55.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 and #2, which differ from the subject in location or dwelling size. The Board also gives reduced weight to board of review comparables #1, #3, #4, and #5, which differ from the subject in effective age, location, foundation, and/or features.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with board of review comparable #2, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$63,388 to \$99,772 or from \$36.85 to \$46.71 per square foot of living area. The subject's improvement assessment of \$83,298 or \$42.98 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
