

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Don Allen  
DOCKET NO.: 22-01198.001-R-1  
PARCEL NO.: 16-23-211-006

The parties of record before the Property Tax Appeal Board are Don Allen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$118,386  
**IMPR.:** \$254,236  
**TOTAL:** \$372,622

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of Dryvit exterior construction with 4,060 square feet of living area. The dwelling was constructed in 2004 and is approximately 17 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 569 square foot garage. The property has a 15,416 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from .4 of a mile to 1-mile from the subject property and within the same assigned assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in age from 17 to 29 years old. The homes range in size from 3,898 to 4,885 square feet of living area and each has a full

basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 528 to 834 square feet of building area. The comparables have improvement assessments ranging from \$195,305 to \$266,310 or from \$44.53 to \$57.61 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$209,090 or \$51.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$372,622. The subject property has an improvement assessment of \$254,236 or \$62.62 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .65 of a mile from the subject property and within the same assigned assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick, stone, Dryvit or wood siding exterior construction. The dwellings were built from 1993 to 2006 with the oldest home having a reported effective age of 2002 and ranging in size from 3,515 to 4,213 square feet of living area and each has a full basement with finished area and one of which is a walkout style. Features include central air conditioning, one to three fireplaces and a garage ranging in size from 420 to 702 square feet of building area. The comparables have improvement assessments ranging from \$245,468 to \$328,158 or from \$68.57 to \$77.89 per square foot of living area. In light of the foregoing, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #3 and #4 as well as board of review comparables #4 and #5 due to their differing dwelling sizes when comparables to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 along with board of review comparables #1 #2 and #3 which are each most similar to the subject in location, dwelling size, age/effective age and several other features. These comparables have improvement assessments ranging from \$195,305 to \$328,158 or from \$50.10 to \$77.89 per square foot of living area. The subject's improvement assessment of \$254,236 or \$62.62 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
