

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marco Galvin  
DOCKET NO.: 22-01380.001-R-1  
PARCEL NO.: 07-12-411-011

The parties of record before the Property Tax Appeal Board are Marco Galvin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,986  
**IMPR.:** \$82,832  
**TOTAL:** \$97,818

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,744 square feet of living area. The dwelling was constructed in 2005. Features of the home include a basement with finished area, central air conditioning and a 460 square foot garage. The property has an approximately 15,310 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in the same assessment neighborhood code as the subject and from .58 of a mile to 1.34 miles from the subject property. The comparables have sites that range in size from 10,960 to 40,097 square feet of land area. The comparables are improved with 1-story dwellings of wood frame exterior construction that range in size from 1,770 to 1,989 square feet of living area that were built in either 1990 or 2003. The appellant reported that each comparable has a basement, central air conditioning and a garage ranging in size from 682 to 948 square feet of building area. One comparable has one fireplace.

The comparables sold from April 2020 to June 2021 for prices ranging from \$252,300 to \$365,000 or from \$140.17 to \$183.51 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,818. The subject's assessment reflects a market value of \$293,483 or \$168.28 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. The comparables are located in the same assessment neighborhood code as the subject and from 1.52 to 1.99 miles from the subject property. The comparables have sites ranging from 10,120 to 15,200 square feet of land area. The comparables are improved with 1-story dwellings of wood siding exterior construction ranging in size from 1,516 to 1,674 square feet of living area that were built from 1958 to 1983 with comparable #2 having an effective age of 1969. Each comparable has a basement, one with finished area, central air conditioning and a garage ranging in size from 480 to 552 square feet of building area. One comparable has one fireplace. The comparables sold from June 2021 to January 2022 for prices ranging from \$275,000 to \$326,001 or from \$181.40 to \$194.74 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #1, which sold less proximate in time to the assessment date than the other comparables in this record. The Board gave reduced weight to board of review comparables due to their differences in age when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3. The Board finds that these comparables sold more proximate in time to the assessment date and are similar to the subject in location, design, age, dwelling size, and features. These two comparables sold in April and June 2021 for prices of \$310,000 and \$365,000 or \$175.14 and \$183.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$293,483 or \$168.28 per square foot of living area, including land, which falls below the two best comparable sales in the record. Based on this record and after considering adjustments

to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.
