

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Alcala
DOCKET NO.: 22-01382.001-R-1
PARCEL NO.: 07-21-303-008

The parties of record before the Property Tax Appeal Board are Jose Alcala, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,501
IMPR.: \$111,702
TOTAL: \$133,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,764 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 660 square foot garage. The property has an approximately 20,160 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in a different assessment neighborhood code as the subject and within .16 of a mile from the subject property. The comparables have sites that range in size from 12,001 to 18,008 square feet of land area. The comparables are improved with 2-story dwellings of wood frame exterior construction that range in size from 2,366 to 2,386 square feet of living area that that were built from 1989 to 1993. The

appellant reported that each comparable has a basement, one with finished area.¹ Each comparable has central air conditioning, one fireplace and a garage ranging in size from 420 to 660 square feet of building area. The comparables sold from April 2020 to July 2021 for prices ranging from \$315,000 to \$335,000 or from \$133.14 to \$140.87 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$133,203. The subject's assessment reflects a market value of \$399,649 or \$144.59 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales. The comparables are located within .37 of a mile from the subject property with one comparable located in the same assessment neighborhood code as the subject. The comparables have sites that range in size from 10,690 to 12,280 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,378 to 2,660 square feet of living area that were built in either 1989 or 1990. Each comparable has a basement, three with finished area, central air conditioning and a garage ranging in size from 420 to 490 square feet of building area. Four comparables each have one fireplace. Comparable #2 has an inground swimming pool. The comparables sold from June 2021 to June 2022 for prices ranging from \$350,000 to \$485,000 or from \$147.18 to \$182.33 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #2 which sold less proximate in time to the assessment date than the other comparables in this record. The Board gave reduced weight to board of review's comparable #3 due to its inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of market value to be the parties remaining comparables. The Board finds that these comparables sold more proximate in time to the assessment date and are

¹ The appellant submitted a MLS data sheet for comparable #2 disclosing that the dwelling has a basement with finished area and it was rehabbed in 2020.

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2022.

similar to the subject in location, design, age and some features. However, four of the seven comparables lack finished basement area, a feature of the subject, suggesting upward adjustments would be required to make the comparable more equivalent to the subject. Nevertheless, the comparables sold from February 2021 to June 2022 for prices ranging from \$330,000 to \$485,000 or from \$139.24 to \$182.33 per square foot of living area, including land. The subject's assessment reflects a market value of \$399,649 or \$144.59 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
