

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

\APPELLANT: Jose Carreno
DOCKET NO.: 22-01384.001-R-1
PARCEL NO.: 07-15-201-005

The parties of record before the Property Tax Appeal Board are Jose Carreno, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,737
IMPR.: \$102,304
TOTAL: \$118,041

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,816 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a garage with 803 square feet of building area. The property has a 13,068 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located from .04 to .15 of a mile from the subject property. The comparables have sites ranging in size from 10,328 to 15,246 square feet of land area. The comparables are improved with 2-story dwellings of wood frame exterior construction that range in size from 2,610 to 2,967 square feet of living area that were built in 1988 and 2001. The appellant reported that each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 600 to 741 square feet of building area. The comparables sold from February to December 2020 for prices ranging from \$307,500

to \$363,250 or from \$104.34 to \$139.18 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,041. The subject's assessment reflects a market value of \$354,158 or \$125.77 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. The comparables are located from .12 to .51 of a mile from the subject property. The comparables have sites ranging in size from 10,050 to 12,000 square feet of land area. The comparables are improved with either 1-story² or 2-story dwellings of wood siding exterior construction ranging in size from 2,254 to 2,745 square feet of living area that were built from 1986 to 1991. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 420 to 704 square feet of building area. The comparable sold from March to June 2022 for prices ranging from \$385,000 to \$426,000 or from \$140.26 to \$180.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables due to their remote sale dates occurring in 2020, less proximate in time to the January 1, 2022, assessment date given other sales available in the record. The Board gave reduced weight to board of review comparables #1 and #4, due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the board of review's comparables #2 and #3. The Board finds that these comparables sold more proximate in time to the January 1, 2022, assessment date and are similar to the subject in location, age, dwelling size and some features. However, each comparable lacks finished basement area and have smaller garages when compared to the subject, suggesting an upward adjustment would be required to make these two comparables more equivalent to the subject. Nevertheless, these two comparables sold

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

² Comparable #2 is described as a 1-story home, additional details report a ground floor area of 799 square feet with a total above-ground living area of 2,745 square feet, indicating the home to be a part 1-story and a part 2-story dwelling.

in May and June 2022 for prices of \$385,000 and \$400,000 or \$140.26 and \$154.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$354,158 or \$125.77 per square foot of living area, including land, which falls below the two best comparable sales in the record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
