

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irina Lavrenyuk
DOCKET NO.: 22-01392.001-R-1
PARCEL NO.: 15-33-409-003

The parties of record before the Property Tax Appeal Board are Irina Lavrenyuk, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,384
IMPR.: \$104,790
TOTAL: \$135,174

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,238 square feet of living area. The dwelling was constructed in 1977 and has an effective age of 1981. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage containing 437 square feet of building area. The property has a 7,980 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject and within .39 of a mile from the subject property. The parcels range in size from 7,630 to 8,259 square feet of land area that have land assessments ranging from \$24,392 to \$27,399 or from \$3.00 to \$3.55 per square foot of land area.

Based on this evidence, the appellant requested a reduced land assessment of \$25,536 or \$3.20 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,174. The subject property has a land assessment of \$30,384 or \$3.81 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .35 of a mile from the subject property. The parcels contain either 7,560 or 7,777 square feet of land area that each have land assessments of either \$30,061 or \$30,228 or for either \$3.89 or \$3.98 square feet of land area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen land equity comparables for the Board's consideration. The comparables have the same assessment neighborhood code as the subject property and have varying degrees of similarity to the subject in land area. The comparables have land assessments that range from \$24,392 to \$30,228 or from \$3.00 to \$3.98 per square foot of land area. The subject's land assessment of \$30,384 or \$3.81 per square foot of land area falls slightly above the range on a total land assessment basis but falls within the range of the comparables on a per square foot basis established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
