

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 284 LeParc Circle LLC
DOCKET NO.: 22-01400.001-R-1
PARCEL NO.: 15-34-312-035

The parties of record before the Property Tax Appeal Board are 284 LeParc Circle LLC, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,512
IMPR.: \$52,300
TOTAL: \$75,812

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,225 square feet of living area. The dwelling was constructed in 1985. Features of the home include central air conditioning, one fireplace and a garage with 253 square feet of building area. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and within .17 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that contain either 1,225 or 1,276 square feet of living area. The dwellings were built from 1984 to 1988. Each comparable has central air conditioning and a garage containing either 253 or 288 square feet of building area. Ten comparables each have one fireplace. The comparables have improvement assessments that range from \$43,895 to \$51,034 or from \$35.83 to \$41.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$47,254 or \$38.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,812. The subject property has an improvement assessment of \$52,300 or \$42.69 square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six suggested equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction each containing 1,225 square feet of living area. The dwellings were built in either 1984 or 1985. Each comparable has central air conditioning, one fireplace and a garage containing 253 square feet of building area. The comparables have improvement assessments ranging from \$52,299 to \$52,323 or for either \$42.69 or \$42.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eighteen suggested comparable sales for the Board's consideration. The Board finds all the comparables are similar to the subject in location, design, age dwelling size and some features. The comparables have improvement assessments ranging from \$41,895 to \$52,323 or from \$35.83 to \$42.71 per square foot of living area. The subject's improvement assessment of \$52,300 or \$42.69 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
