

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Foy  
DOCKET NO.: 22-01423.001-R-1  
PARCEL NO.: 13-11-300-619

The parties of record before the Property Tax Appeal Board are Laura Foy, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,165  
**IMPR.:** \$62,562  
**TOTAL:** \$66,727

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,504 square feet of living area. The dwelling was constructed in 1993. Features of the home include central air conditioning, one fireplace and an attached garage with 231 square feet of building area. The property has a 1,504 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and from .35 of a mile to 1.03 miles from the subject property. The comparables have sites that range in size from 1,275 to 1,634 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior construction that range in size from 1,275 to 1,634 square feet of living area that were built from 1981 to 1995. The appellant reported that each comparable has central air conditioning, one fireplace and either an attached or detached garage ranging in size from 210 to 242 square feet of building area. The

comparables sold from April 2021 to May 2022 for prices ranging from \$170,000 to \$250,000 or from \$133.33 to \$153.00 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,727. The subject's assessment reflects a market value of \$200,201 or \$133.11 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In response to the appeal, the board of review, through the assessor, asserted that the board of review comparables include exact/similar models, all with the same view and same attached garages. The assessor recommends no change to the appeal.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. Comparable #2 is the same property as the appellant's comparable #2. The comparables are located in the same assessment neighborhood code as the subject property and from .89 of a mile to 1.03 miles from the subject property. The comparables have sites of either 1,504 or 1,634 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior construction containing either 1,504 or 1,634 square feet of living area that were built from 1987 to 1995. Each comparable has central air conditioning, one fireplace and a garage containing either 210 or 231 square feet of building area. The comparables sold from October 2021 to May 2022 for prices ranging from \$238,000 to \$269,900 or from \$148.41 to \$165.18 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of eight comparable properties for the Board's consideration, with one comparable being common to both parties. The Board gives less weight to appellant's comparables #3 and #5 due to their differences in age when compared to the subject. The Board gave reduced weight to the appellant's comparable #2/board of review comparable #2 as well as board of review comparables #3 and #4, due to their distance of over one mile away from the subject property.

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #4 along with the board of review's comparable #1. The Board finds that these three comparables are most similar to the subject in location, design, age, dwelling size, and some features. These comparables sold in September 2021 and January 2022 for prices ranging from \$170,000 to \$238,000 or from \$133.33 to \$158.24 per square foot of living area, including land. The subject's assessment reflects a market value of \$200,201 or \$133.11 per square foot of living area, including land, which falls within the range of the three best comparable sales in the record in overall value but below the range on a square foot basis. Based on this record and after considering adjustments to the three best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
