

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Lee
DOCKET NO.: 22-01424.001-R-1
PARCEL NO.: 13-11-300-545

The parties of record before the Property Tax Appeal Board are Robert Lee, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,165
IMPR.: \$89,887
TOTAL: \$94,052

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,229 square feet of living area. The dwelling was constructed in 1989. Features of the home include a walk-out basement with finished area, central air conditioning, two fireplaces and a garage with 205 square feet of building area. The property has a 1,229 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same assessment neighborhood code as the subject property and from .64 of a mile to 1.03 miles from the subject property. The comparables have sites containing either 1,229 or 1,354 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior construction containing either 1,229 or 1,354 square feet of living area that were built from 1986 to 1995. The appellant reported that each comparable has a basement, two with finished area and three of either walk-out or look-out design. Each comparable has central air conditioning, one or two fireplaces and

garage with either 205 or 210 square feet of building area. The comparables sold from June to November 2021 for prices ranging from \$258,500 to \$300,000 or from \$190.92 to \$244.10 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,052. The subject's assessment reflects a market value of \$282,184 or \$229.60 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In response to the appeal, the board of review noted that "appellant's comparables #1 and #2 are different models, including comparable #2 with no basement versus the subject's walk-out basement and comparable #1 with one less fireplace and a look-out basement." The assessor recommends no change.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. Comparables #1 and #2 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables are located in the same assessment neighborhood code as the subject property and within .89 of a mile from the subject property. The comparables have sites of 1,229 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior construction each containing 1,229 square feet of living area that were built in either 1986 or 1987. Each comparable has a walk-out basement with finished area, central air conditioning, either one or two fireplaces and a garage containing 205 square feet of building area. The comparables sold from August 2020 to November 2021 for prices ranging from \$261,000 to \$300,000 or from \$212.37 to \$244.10 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of five comparable properties for the Board's consideration, with two comparables being common to both parties. The Board gives less weight to appellant's comparables #1 and #2, due to their distance of over one mile away from the subject property. The Board gave reduced weight to board of review comparable #3, due to its

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). remote sale date occurring in 2020, less proximate in time to the January 1, 2022, assessment date given other sales available in the record.

The Board finds the best evidence of market value to be the parties common comparables. The Board finds that these two comparables sold more proximate in time to the 2022 assessment date and are most similar to the subject in location, design, age, dwelling size, and some features. These comparables sold in August and November 2021 for prices of \$298,000 and \$300,000 or \$242.47 and \$244.10 per square foot of living area, including land. The subject's assessment reflects a market value of \$282,184 or \$229.60 per square foot of living area, including land, which falls below the two best comparable sales in the record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
