

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Kazmer
DOCKET NO.: 22-01470.001-R-1
PARCEL NO.: 15-30-106-004

The parties of record before the Property Tax Appeal Board are Jeffrey Kazmer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,020
IMPR.: \$66,582
TOTAL: \$85,602

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,013 square feet of living area. The dwelling was constructed in 1955 and has an effective age of 1965. Features of the home include central air conditioning, one fireplace and a 524 square foot garage. The property has an approximately 22,651 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 1.70 to 4.15 miles from the subject property. The comparables have sites that range in size from 41,818 to 99,752 square feet of land area and are improved with one-story dwellings of brick or frame exterior construction ranging in size from 1,600 to 2,332 square feet of living area. The dwellings were built from 1956 to 1985. Each comparable has a basement that ranges in size from 1,092 to

1,340 square feet of area with finished area. Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 726 square feet of building area. The properties sold in May 2020 and March 2021 for prices ranging from \$262,000 to \$427,000 or from \$163.75 to \$183.10 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$78,499 which reflects a market value of \$235,521 or \$117.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,602. The subject's assessment reflects a market value of \$256,832 or \$127.59 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.09 of a mile to 4.3 miles from the subject property and where two are also located in the same neighborhood as the subject. The comparables have sites that range in size from 43,560 to 108,900 square feet of land area and are improved with one-story dwellings of brick or frame exterior construction ranging in size from 1,526 to 2,488 square feet of living area. The homes were built from 1951 to 1985 and have effective ages ranging from 1961 to 1985. Three comparables have a basement ranging in size from 416 to 1,526 with one having finished area and one comparable has no basement. Each dwelling has one fireplace and a garage ranging in size from 440 to 675 square feet of building area. Three homes have central air conditioning. The properties sold from January 2019 to July 2022 for prices ranging from \$250,000 to \$430,000 or from \$163.83 to \$207.79 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1 and #2 along with board of review comparables #2 and #3 which sold in either 2019 or 2020, less proximate to the January 1, 2022 assessment date.

The Board finds the best evidence of market value to be appellant comparable #3 and board of review comparables #1 and #4 which sold proximate to the assessment date at issue, however,

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

these properties present varying degrees of similarity to the subject in location, site size, age, dwelling size, foundation type and other features. Nevertheless, these best comparables sold in March 2021 and July 2022 for prices ranging from \$250,000 to \$427,000 or from \$163.83 to \$207.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$256,832 or \$127.59 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record on an overall market value basis and below the range on a per square foot basis. Therefore, after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment appears justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
