

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Libit
DOCKET NO.: 22-01494.001-R-1
PARCEL NO.: 16-21-403-008

The parties of record before the Property Tax Appeal Board are Daniel Libit, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$113,629
IMPR.: \$327,135
TOTAL: \$440,764

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 5,488 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement with 2,233 square feet of finished area, central air conditioning, two fireplaces and an 816 square foot garage. The property has an approximately 37,930 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.84 of a mile from the subject property. Two comparables are reported to have sites with 38,311 square feet of land area. The comparables are improved with 2-story dwellings ranging in size from 4,961 to 6,430 square feet of living area. The dwellings were built from 1997 to 2011. Each comparable is reported to have an unfinished basement, central air conditioning, one fireplace and a garage

ranging in size from 642 to 1,080 square feet of building area. The properties sold from January 2020 to August 2021 for prices ranging from \$995,000 to \$1,375,000 or from \$200.56 to \$228.38 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$407,901 which reflects a market value of \$1,223,825 or \$223.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$440,764. The subject's assessment reflects a market value of \$1,322,424 or \$240.97 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.42 of a mile from the subject property. Board of review comparable #3 is the same property as the appellant's comparable #3. The comparables have sites with either 38,310 or 40,080 square feet of land area and are improved with 1-story² or 2-story dwellings of brick or wood siding exterior construction ranging in size from 5,145 to 5,539 square feet of living area. The homes were built from 1997 to 2002. Each comparable has a basement, with two having 1,329 and 1,500 square feet of finished area. Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 805 to 1,169 square feet of building area. The properties sold from July 2021 to May 2022 for prices ranging from \$1,175,000 to \$1,575,000 or from \$228.38 to \$284.35 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #1 and #2 which sold in 2020, less proximate to the January 1, 2022 assessment date than other properties in the record.

The Board finds the best evidence of market value to be appellant comparable #3 along with the board of review comparables, including the common property, which sold proximate to the

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

² Board of review comparable #1 has ground floor area of 2,584 square feet with above ground area of 5,539 square feet, suggesting this is a part two-story dwelling.

assessment at issue and are more similar to the subject in location, age, design, dwelling size and some features. These comparables sold from July 2021 to May 2022 for prices ranging from \$1,175,000 to \$1,575,000 or from \$228.38 to \$284.35 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,322,424 or \$240.97 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
