

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Stordahl
DOCKET NO.: 22-01515.001-R-1
PARCEL NO.: 16-29-412-008

The parties of record before the Property Tax Appeal Board are Patrick Stordahl, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,793
IMPR.: \$297,909
TOTAL: \$349,702

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,288 square feet of living area. The dwelling was constructed in 2015. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 650 square foot garage. The property has an approximately 10,080 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.27 of a mile from the subject property. Three comparables have sites that range in size from 8,999 to 9,431 square feet of land area and are improved with two-story dwellings ranging in size from 2,815 to 3,295 square feet of living area. The dwellings were built from 2007 to 2014. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from

440 to 552 square feet of building area. The properties sold from February to November 2021 for prices ranging from \$730,000 to \$985,000 or from \$257.31 to \$305.20 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$305,753 which reflects a market value of \$917,351 or \$279.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$349,702. The subject's assessment reflects a market value of \$1,049,211 or \$319.10 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.61 of a mile from the subject property. The comparables have sites that range in size from 8,840 to 15,000 square feet of land area and are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,258 to 3,888 square feet of living area. The homes were built from 2017 to 2020. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning, one fireplace and a garage ranging in size from 418 to 894 square feet of building area. The properties sold from February 2020 to April 2022 for prices ranging from \$1,045,500 to \$1,360,000 or from \$312.20 to \$354.17 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #4 along with board of review comparables #3 and #4 which are less similar to the subject in age and/or dwelling size than other properties in the record. Furthermore, board of review comparable #4 sold in 2020, less proximate to the January 1, 2022 assessment date than other properties in the record.

The Board finds the best evidence of market value to be the appellant comparable #3 and board of review comparables #1, #2 and #5 which sold more proximate to the lien date at issue and are more similar to the subject in location, age, design, dwelling size and other features, although

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

three of these properties lack a finished basement, in contrast to the subject, suggesting adjustments are needed to make this property more equivalent to the subject. These comparables sold from February 2021 to February 2022 for prices ranging from \$985,000 to \$1,130,000 or from \$298.94 to \$323.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,049,211 or \$319.10 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
