

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sherwin Waldman
DOCKET NO.: 22-01528.001-R-1
PARCEL NO.: 16-36-206-009

The parties of record before the Property Tax Appeal Board are Sherwin Waldman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$177,755
IMPR.: \$166,866
TOTAL: \$344,621

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 4,682 square feet of living area. The dwelling was constructed in 1919 and has an effective age of 1951.¹ Features of the home include a basement with finished recreation room, central air conditioning, six fireplaces and a 480 square foot garage. The property has an approximately 45,010 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 0.19 of a mile to 1.30 miles from the subject property. The comparables have sites that range in size from 17,420 to 88,004 square feet of land area and are improved with 1-story dwellings ranging in size from

3,867 to 4,096 square feet of living area. The dwellings were built from 1955 to 1964 and have effective ages ranging from 1955 to 1977. Each comparable has a basement, with one having a recreation room.² Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 692 square feet of building area. The properties sold from June to November 2020 for prices ranging from \$950,000 to \$1,025,000 or from \$239.26 to \$252.59 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$330,828 which reflects a market value of \$992,583 or \$212.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$344,621. The subject's assessment reflects a market value of \$1,033,966 or \$220.84 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.³

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located from 0.91 of a mile to 1.30 miles from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 21,980 to 88,000 square feet of land area and are improved with 1-story dwellings of brick or stone and wood siding exterior construction ranging in size from 3,549 to 4,563 square feet of living area. The homes were built from 1954 to 1956 and have effective ages ranging from 1955 to 1988. Each comparable has a basement, with two having finished recreation rooms. Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 604 square feet of building area. The properties sold from November 2020 to March 2021 for prices ranging from \$980,000 to \$1,238,170 or from \$218.06 to \$348.88 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparable sales for the Board's consideration, as one property was common to both parties. The Board finds neither party submitted comparables that were truly similar to the subject due to their sale dates occurring less proximate in time to the assessment date at issue and/or due to significant differences from the subject in location, site size, dwelling

² Appellant comparable #1, also submitted by the board of review, which was disclosed to have a finished recreation room in the basement and two fireplaces, which was not refuted by the appellant.

³ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2022.

size, age/effective age and other features. The comparables sold from June 2020 to March 2021 for prices ranging from \$950,000 to \$1,238,170 or from \$218.06 to \$348.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,033,966 or \$220.84 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. Therefore, based on this limited record and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment appears justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
