

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jaime Moreno
DOCKET NO.: 22-01536.001-R-1
PARCEL NO.: 02-34-404-013

The parties of record before the Property Tax Appeal Board are Jaime Moreno, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,220
IMPR.: \$81,356
TOTAL: \$92,576

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,448 square feet of living area. The dwelling was constructed in 1991. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 641 square foot garage. The property has an approximately 12,820 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on 12 comparables located in the same assessment neighborhood code as the subject. The comparables are reported to be 2-story dwellings of wood frame exterior construction ranging in size from 2,712 to 2,813 square feet of living area. The dwellings were built from 1990 to 1992. Each comparable is reported to have an unfinished basement, central air conditioning, and a garage

ranging in size from 441 to 483 square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from \$83,349 to \$87,268 or from \$30.73 to \$31.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,576. The subject has an improvement assessment of \$81,356 or \$33.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on 10 equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,242 to 2,982 square feet of living area. The homes were built from 1990 to 1999. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 620 square feet of building area. The comparables have improvement assessments that range from \$76,432 to \$103,191 or from \$32.14 to \$35.58 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 22 equity comparables for the Board's consideration. The Board gives less weight to each of the appellant's comparables along with board of review comparables #1, #2, #3, #5, #8 and #9 which are less similar to the subject in dwelling size and/or have a finished basement in contrast to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #4, #6, #7 and #10 which are more similar to the subject in location, age, design, dwelling size and other features. Although each of these best comparables has a smaller garage size relative to the subject suggesting upward adjustments. These comparables have improvement assessments that range from \$78,774 to \$85,117 or from \$33.09 to \$33.78 per square foot of living area. The subject's improvement assessment of \$81,356 or \$33.23 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
