

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sallie J Kerr
DOCKET NO.: 22-01545.001-R-1
PARCEL NO.: 13-11-200-012

The parties of record before the Property Tax Appeal Board are Sallie J Kerr, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,035
IMPR.: \$98,482
TOTAL: \$115,517

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1½-story dwelling of frame exterior construction with 1,826 square feet of living area constructed in 1974. The lake view property has an 1,826 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity, with respect to the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject property. The comparables have sites with either 1,832 or 1,873 square feet of land area. The comparables each have land assessments of \$4,165 or for \$2.22 and \$2.27 per square foot of land area. Based on this evidence, the appellant requested the subject's land assessment be reduced to \$4,145 or \$2.27 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,517. The subject has a land assessment of \$17,035 or \$9.33 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables each have sites of 1,826 square feet of land area with land assessments of \$17,035 or for \$9.33 per square foot of land area. The board of review's grid analysis included comments contending the subject and its three comparables are the only four units in the subject's assessment neighborhood code that have a lake view, which was not refuted by the appellant in rebuttal. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 15 assessment comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which do not have a lake view location like the subject site.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in location and view and are identical to the subject in site size. These comparables each have land assessments of \$17,035 or for \$9.33 per square foot of land area. The subject property has a land assessment of \$17,035 or \$9.33 per square foot of land area which is equal to the land assessment of the best land comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
