

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Danielle Bernas
DOCKET NO.: 22-01567.001-R-1
PARCEL NO.: 15-04-305-018

The parties of record before the Property Tax Appeal Board are Danielle Bernas, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,970
IMPR.: \$105,231
TOTAL: \$131,201

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story residential dwelling that was built in 1977. The property has a 7,918 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the land assessment only as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and located within .40 of a mile from the subject property. The improved parcels range in size from 7,918 to 8,202 square feet of land area and have land assessments ranging from \$17,346 to \$23,541 or from \$2.87 to \$2.95 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,021. The subject property has a land assessment of \$25,790 or \$3.26 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within .07 of a mile from the subject property, four of which are on the same street, and two of which have the same assessment neighborhood code. The improved parcels range in size from 6,500 to 8,340 square feet of land area. The comparables have land assessments ranging from \$23,471 to \$26,133 or from \$3.13 to \$3.79 per square foot of land area. Based on this evidence, the board of review requested confirmation of the subject's land assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 17 land equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #11 which appears to be an outlier due to its considerably lower improvement assessment than the other comparables in the record. The Board gives less weight to board of review comparables #1 and #5 which are less similar in size to the subject than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparables #2, #3 and #4 which are most similar to the subject in size. These comparables have land assessments ranging from \$23,344 to \$26,133 or from \$2.87 to \$3.35 per square foot of land area. The subject's land assessment of \$25,790 or \$3.26 per square foot of land area falls within the range established by the best comparables in the record.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
