

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shirley Bond
DOCKET NO.: 22-01594.001-R-1
PARCEL NO.: 15-20-408-040

The parties of record before the Property Tax Appeal Board are Shirley Bond, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,121
IMPR.: \$136,846
TOTAL: \$177,967

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,900 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement, central air conditioning, a fireplace and a 671 square foot garage. The property has a 17,075 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the land as the basis of the appeal. The appellant did not contest the subject's improvement assessment. In support of this argument the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located within .42 of a mile from the subject property. The improved parcels have sites that range in size from 15,289 to 18,469 square feet of land area. The comparables have land assessments ranging from \$26,595 to \$35,520 or from \$1.64 to \$1.94

per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment to \$30,650 or \$1.80 per square foot of land area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,967. The subject property has a land assessment of \$41,121 or \$2.41 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .24 of a mile from the subject property. The improved parcels have sites that range in size from 15,856 to 19,079 square feet of land area. The comparables have land assessments ranging from \$38,454 to \$46,906 or from \$2.42 to \$2.62 per square foot of land area. The board of review also made note that the subject has a 15% land adjustment for being approximately 300 feet from the powerlines adjacent to the neighborhood, while other properties have larger adjustments due to their locations being closer to the powerlines. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 17 equity comparables for the Board's consideration. The Board finds all the comparables are relatively similar to the subject in location and site size. The comparables have land assessments that range from \$26,595 to \$46,906 or from \$1.64 to \$2.62 per square foot of land area. The subject's land assessment of \$41,121 or \$2.41 per square foot of land area falls within the range established by the comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
