

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aaron Fenton
DOCKET NO.: 22-01610.001-R-1
PARCEL NO.: 15-29-314-012

The parties of record before the Property Tax Appeal Board are Aaron Fenton, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,953
IMPR.: \$95,274
TOTAL: \$127,227

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,568 square feet of living area. The dwelling was constructed in 1970 and has a reported effective age of 1973. Features of the home include a crawl space foundation, central air conditioning, two fireplaces and a 440 square foot garage. The property has an approximately 10,039 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the land as the basis of the appeal. The appellant did not contest the subject's improvement assessment. In support of this argument the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located from .18 to .78 of a mile from the subject property. The improved parcels have sites that range in size from 9,615 to 10,322 square feet of land area. The comparables have land assessments ranging from \$23,732 to \$27,253 or from

\$2.39 to \$2.74 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment to \$25,047 or \$2.49 per square foot of land area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,227. The subject property has a land assessment of \$31,953 or \$3.18 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject, are located on the same street as the subject and within 241 feet from the subject property. The improved parcels have sites that range in size from 8,770 to 9,900 square feet of land area. The comparables have land assessments ranging from \$30,994 to \$31,860 or from \$3.22 to \$3.53 per square foot of land area. The board of review noted that all five county land equity comparables are located within approximately 200 feet of the subject, on the same street and have similar lot sizes when compared to the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 17 equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #3, #4, #6, #9 and #10, as well as board of review comparables #2, #4 and #5 which are less similar to the subject in site size than other properties in the record.

The Board finds the best evidence of equity to be the appellant's comparables #5, #7, #8, #11 and #12, along with board of review comparables #1 and #3, which are similar to the subject in location and most similar to the subject in site size. The comparables have land assessments ranging from \$24,325 to \$31,860 or from \$2.39 to \$3.22 per square foot of land area. Most weight was given to the two board of review comparables which are located on the same street as the subject and have land assessments of \$3.22 per square foot of land area. The subject's land assessment of \$31,953 or \$3.18 per square foot of land area falls slightly above the range established by the best comparables in the record in terms of total land assessment but within the range on a per square foot value. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
