

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aneta Genova  
DOCKET NO.: 22-01612.001-R-1  
PARCEL NO.: 15-29-403-024

The parties of record before the Property Tax Appeal Board are Aneta Genova, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,880  
**IMPR.:** \$107,303  
**TOTAL:** \$138,183

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,340 square feet of living area. The dwelling was constructed in 1980. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 440 square foot garage. The property has an 8,625 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the land assessment as the basis of the appeal. The appellant did not contest the subject's improvement assessment. In support of this argument the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located within .63 of a mile from the subject property. The improved parcels range in size from 8,342 to 9,049 square feet of land area and have land assessments ranging from \$18,905 to \$28,086 or from \$2.16 to \$3.31 per

square foot of land area. Based on this evidence the appellant requested a reduction in the subject's land assessment to \$27,255 or \$3.16 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,183. The subject property has a land assessment of \$30,880 or \$3.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .16 of a mile from the subject property. The improved parcels range in size from 6,000 to 9,049 square feet of land area and have land assessments ranging from \$28,860 to \$32,766 or from \$3.62 to \$4.81 per square foot of land area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 17 land equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #1 which appears to be an outlier due to its lower land assessment of \$18,905 or \$2.16 per square foot of land area relative to the other comparables in the record. The Board has given reduced weight board of review's comparable #4, which is less similar to the subject in lot size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #12, along with board of review comparables #1, #2, #3 and #5, which are similar to the subject in location and lot size. These comparables have land assessments that range from \$24,704 to \$32,766 or from \$2.86 to \$4.14 per square foot of land area. The subject's land assessment of \$30,880 or \$3.58 per square foot of land area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
