

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chen Tang
DOCKET NO.: 22-01613.001-R-1
PARCEL NO.: 15-32-207-014

The parties of record before the Property Tax Appeal Board are Chen Tang, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,795
IMPR.: \$89,458
TOTAL: \$120,253

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,540 square feet of living area. The dwelling was constructed in 1969 and has a reported effective age of 1975. Features of the home include a crawl space foundation,¹ central air conditioning, a fireplace and a 500 square foot garage. The property has a 10,180 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the land as the basis of the appeal. The appellant did not contest the subject's improvement assessment. In support of this argument the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located within .58 of a mile from the subject property. The improved parcels have sites that range in size from 10,000 to 10,607 square feet of land area.

¹ The subject's foundation type is found in the property information data sheet provided by the board of review.

The comparables have land assessments ranging from \$25,563 to \$32,171 or from \$2.55 to \$3.07 per square foot of land area. Based on this evidence the appellant requested a reduction in the subject's land assessment to \$30,795 or \$3.03 per square foot of land area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,666. The subject property has a land assessment of \$35,208 or \$3.46 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .66 of a mile from the subject property. The improved parcels have sites that range in size from 8,775 to 9,360 square feet of land area. The comparables have land assessments ranging from \$28,086 to \$31,445 or from \$3.10 to \$3.53 per square foot of land area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains 17 equity comparables for the Board's consideration. The Board has given less weight to the five comparables submitted by the board of review due to their smaller site sizes when compared to the subject in relation to the comparables submitted by the appellant.

The Board finds the best evidence of equity to be the appellant's comparables, which are similar to the subject in location and most similar to the subject in site size. The comparables have land assessments ranging from \$25,563 to \$32,171 or from \$2.55 to \$3.07 per square foot of land area. The subject's land assessment of \$35,208 or \$3.46 per square foot of land area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
