

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Clarin
DOCKET NO.: 22-01614.001-R-1
PARCEL NO.: 15-32-309-058

The parties of record before the Property Tax Appeal Board are Susan Clarin, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,817
IMPR.: \$37,157
TOTAL: \$57,974

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 931 square feet of living area. The dwelling was constructed in 1984. Features of the home include a concrete slab foundation,¹ central air conditioning, a fireplace and a 220 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code. The comparables are improved with one-story dwellings of frame exterior construction, each containing 933 square feet of living area. The dwellings were built in 1983 or 1984. Each comparable has central air conditioning and a 220 square foot garage. The comparables have improvement assessments ranging from

¹ The subject's foundation type is found in the property information data sheet provided by the board of review.

\$19,627 to \$29,320 or from \$21.04 to \$31.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$29,261 or \$31.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,974. The subject property has an improvement assessment of \$37,157 or \$39.91 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of frame exterior construction, each containing 931 square feet of living area. The dwellings were built in 1984 or 1985. Each comparable has a concrete slab foundation,² central air conditioning, a fireplace and a 220 square foot garage. The comparables have improvement assessments ranging from \$37,157 to \$37,543 or from \$39.91 to \$40.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 17 suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their lack of a fireplace, a feature of the subject. Additionally, the appellant's comparable #12 appears to be an outlier due to its considerably lower improvement assessment of \$19,627 or \$21.04 per square foot of living area relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are similar to the subject in location and age, and identical to the subject in dwelling size, design and features, as each dwelling has a concrete slab foundation and a fireplace, like the subject. These five comparables have improvement assessments that range from \$37,157 to \$37,543 or from \$39.91 to \$40.33 per square foot of living area. The subject's improvement assessment of \$37,157 or \$39.91 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² The property sketches for each comparable provided by the board of review depicts each dwelling with a concrete slab foundation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
