

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stuart Wein
DOCKET NO.: 22-01628.001-R-1
PARCEL NO.: 16-30-302-017

The parties of record before the Property Tax Appeal Board are Stuart Wein, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$94,010
IMPR.: \$109,870
TOTAL: \$203,880

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling built in 1988. The property has a 48,350 square foot site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity concerning the land as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables located from 0.07 to 0.87 of a mile of the subject and within the subject's assessment neighborhood code. The comparables are improved with 1-story, 1.5-story, 1.75-story, or 2-story dwellings built from 1978 to 2014. The comparables have sites ranging in size from 43,996 to 54,886 square feet of land area and have land assessments ranging from \$44,291 to \$94,010 or from \$1.01 to \$1.71 per square foot of land area. Based on this evidence, the appellant requested the subject's land assessment be reduced to \$73,979 or \$1.53 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,880. The subject property has a land assessment of \$94,010 or \$1.94 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 0.13 of a mile from the subject and within the subject's assessment neighborhood code. The comparables are improved with 1-story or 2-story dwellings built from 1974 to 1990. The comparables have sites ranging in size from 44,430 to 50,090 square feet of land area and have land assessments of \$94,010 or from \$1.88 to \$2.12 per square foot of land area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the comparables are similar to the subject in location and parcel size. These comparables have land assessments ranging from \$44,291 to \$94,010 or from \$1.01 to \$2.12 per square foot of land area. The subject's land assessment of \$94,010 or \$1.94 per square foot of land area falls within the range established by the comparables in this record. The Board further finds the board of review's comparables #1 through #4 and the appellant's comparables #6 through #11, which are located on the same street as the subject parcel, are the best comparables in the record and have land assessments ranging from \$61,107 to \$91,040 or from \$1.16 to \$1.98 per square foot of land area. The subject's land assessment of \$94,010 or \$1.94 per square foot of land area falls within this range. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
