

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jihye Lee  
DOCKET NO.: 22-01650.001-R-1  
PARCEL NO.: 16-29-204-004

The parties of record before the Property Tax Appeal Board are Jihye Lee, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$50,614  
**IMPR.:** \$218,789  
**TOTAL:** \$269,403

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of brick and wood siding exterior construction containing 3,803 square feet of living area. The dwelling was built in 2005. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 681 square feet of building area. The property has a 9,150 square foot site located in Deerfield, West Deerfield Township, Lake County.

The appellant contends inequity with respect to the land assessment as the basis of the appeal; the appellant is not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve equity comparables improved with single-family dwellings. The comparables have sites ranging in size from 8,999 to 9,448 square feet of land area. The comparables have the same assessment neighborhood code as the subject and are located from .37 to .86 of a mile from the subject property. The comparables have land

assessments ranging from \$44,496 to \$46,721 or from \$4.88 to \$4.95 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$45,211.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,403. The subject property has a land assessment of \$50,614 or \$5.53 per square foot of land area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with single-family dwellings. The comparables have sites ranging in size from 8,540 to 9,150 square feet of land area. These properties have the same assessment neighborhood code as the subject property and are located along the same street from 75 feet to 225 feet from the subject property. Their land assessments range from \$47,239 to \$50,614 or \$5.53 per square foot of land area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are more similar to the subject property in location than are the comparables provided by the appellant. The board of review comparables are similar to the subject in land area as well as having the same assessment neighborhood code as the subject property and are located along the same street from 75 feet to 225 feet from the subject property. These comparables have land assessments that range from \$47,239 to \$50,614 or \$5.53 per square foot of land area. The subject's land assessment of \$50,614 or \$5.53 per square foot of land area is within this range and equivalent to the best comparables in this record on a per square foot of land area basis. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
