

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phillip Jacobs
DOCKET NO.: 22-01651.001-R-1
PARCEL NO.: 16-29-204-008

The parties of record before the Property Tax Appeal Board are Phillip Jacobs, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,614
IMPR.: \$288,275
TOTAL: \$338,889

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 4,018 square feet of living area. The dwelling was built in 2003. Features of the home include a full basement,¹ central air conditioning, one fireplace, and an attached two-car garage with 462 square feet of building area. The property has a site with approximately 9,150 square feet of land area located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings that range in size from 3,284 to 3,784 square feet of living area. The homes were built in 2004 or 2007. Each comparable has a basement,

¹ The board of review submitted a copy of a Multiple Listing Service (MLS) 2018 listing of the subject property describing the home as having a finished basement, which is not being assessed.

central air conditioning, one fireplace, and a garage ranging in size from 440 to 506 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .23 to .66 of a mile from the subject property. The comparables have improvement assessments ranging from \$206,768 to \$251,347 or from \$57.39 to \$75.47 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$233,406.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$338,889. The subject property has an improvement assessment of \$288,275 or \$71.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,910 to 4,206 square feet of living area. The homes were built from 1997 to 2006. Each comparable has a full basement with three having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 552 to 805 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .32 to .82 of a mile from the subject property. The comparables have improvement assessments ranging from \$283,528 to \$332,206 or from \$72.51 to \$81.82 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are improved with homes more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of review comparables are relatively similar to the subject in features with the exception that three are being assessed for finished basement area while the subject is not being assessed for finished basement area, each comparable has a larger garage than the subject, and two comparables have an additional fireplace the subject does not have, suggesting downward adjustments to the comparables would be appropriate to make them more equivalent to the subject for these features. These comparables have improvement assessments that range from \$283,528 to \$332,206 or from \$72.51 to \$81.82 per square foot of living area. The subject's improvement assessment of \$288,275 or \$71.75 per square foot of living area falls within the overall range but below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record, after considering the suggested adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
