

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Shilov
DOCKET NO.: 22-01659.001-R-1
PARCEL NO.: 16-32-213-017

The parties of record before the Property Tax Appeal Board are Maria Shilov, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,057
IMPR.: \$60,521
TOTAL: \$110,578

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of brick and wood siding exterior construction containing 1,345 square feet of living area that was built in 1958. Features of the property include a full unfinished basement, central air conditioning, two bathrooms, and a detached garage with 528 square feet of building area. The property has a 9,000 square foot site located in Deerfield, West Deerfield Township, Lake County.

The appellant contends inequity with respect to the land assessment as the basis of the appeal; the appellant is not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve equity comparables each improved with a single-family dwelling. The comparables have sites ranging in size from 7,749 to 10,019 square feet of land area. These properties have the same assessment neighborhood code as the subject property and are located from approximately .07 to .24 of a mile from the subject property. The

comparables have land assessments ranging from \$30,850 to \$47,654 or from \$3.81 to \$4.88 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$42,385.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,578. The subject property has a land assessment of \$50,057 or \$5.56 per square foot of land area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables each improved with a single-family dwelling. Each comparable has a 9,000 square foot site. The comparables have the same assessment neighborhood code as the subject, are located within 225 feet of the subject, and are along the same street and within one block of the subject property. Each comparable has a land assessment of \$50,057 or \$5.56 per square foot of land area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables as these properties are more similar to the subject property in location and size than are the comparables submitted by the appellant. The board of review comparables are the same size as the subject site with the same assessment neighborhood code as the subject and located along the same street and within 225 feet of the subject property. Each comparable has a land assessment of \$50,057 or \$5.56 per square foot of land area. The subject's land assessment of \$50,057 or \$5.56 per square foot of land area is equivalent to the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
