

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Johnny Lim
DOCKET NO.: 22-01661.001-R-1
PARCEL NO.: 15-20-301-020

The parties of record before the Property Tax Appeal Board are Johnny Lim, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,443
IMPR.: \$171,459
TOTAL: \$219,902

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction containing 4,321 square feet of living area. The dwelling was built in 1996. Features of the home include a full basement that is partially finished, central air conditioning, one fireplace and an attached garage with 742 square feet of building area. The property has a 44,751 square foot site located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the land as the basis of the appeal; the appellant is not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve equity comparables each improved with a single-family dwelling. The comparables have sites ranging in size from 44,058 to 46,912 square feet of land area. These properties have the same assessment neighborhood code as the subject

property and are located from .10 to .48 of a mile from the subject property.¹ The comparables have land assessments ranging from \$41,381 to \$46,894 or from \$.90 to \$1.04 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$45,870.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$219,902. The subject property has a land assessment of \$48,443 or \$1.08 per square foot of land area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables each improved with a single-family dwelling. The comparables have sites ranging in size from 43,336 to 46,419 square feet of land area. These properties have the same assessment neighborhood code as the subject property and are located from .07 to .41 of a mile from the subject property. The comparables have land assessments ranging from \$45,720 to \$49,057 or from \$1.04 to \$1.10 per square foot of land area. The board of review stated in its analysis that the subject has a +5% land adjustment for backing to park district preserve land.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seventeen comparables submitted by the parties to support their respective positions. The comparables are relatively similar to the subject in land area. These properties have the same assessment neighborhood code as the subject property and are located within .48 of a mile from the subject property. The comparables have land assessments ranging from \$41,381 to \$49,057 or from \$.90 to \$1.10 per square foot of land area. The subject's land assessment of \$48,443 or \$1.08 per square foot of land area falls within the range established by the comparables in this record. Importantly, the board of review stated the subject has a +5% land adjustment for backing to park district preserve land, which accounts for the subject property's land assessment being at the higher end of the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant reported comparable #8 as being located 13.64 miles from the subject, which appears to be in error when comparing the property's parcel number and address to other comparables in the record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
