

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brett Parker
DOCKET NO.: 22-01691.001-R-1
PARCEL NO.: 15-06-413-014

The parties of record before the Property Tax Appeal Board are Brett Parker, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,231
IMPR.: \$96,229
TOTAL: \$126,460

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,187 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement with finished area,¹ central air conditioning, one fireplace and an attached garage with 420 square feet of building area. The property has a site with 7,781 feet of land area and is located in Vernon, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and within .39 of a mile from the subject. The appellant reported that the comparables are improved with 2-story dwellings of frame exterior construction that range in size from 2,167 to 2,280 square feet of living area. The dwellings were built from 1988 to 1991. The appellant reported that each comparable has a

basement with finished area, central air conditioning and a garage containing 420 square feet of building area. Nine comparables each have one fireplace. The comparables have improvement assessments that range from \$77,060 to \$98,464 or from \$35.24 to \$43.37 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$90,083 or \$41.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,460. The subject property has an improvement assessment of \$96,229 or \$44.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within .39 of a mile from the subject. The comparables are improved with two-story dwellings of frame exterior construction containing either 2,186 or 2,187 square feet of living area. The dwellings were built in either 1989 or 1991. Each comparable has a basement with finished area, central air conditioning, either one or two fireplaces and a garage containing either 400 or 420 square feet of building area. The comparables have improvement assessments ranging from \$96,283 to \$99,461 or from \$44.03 to \$45.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of seventeen comparable properties for the Board's consideration, which are similar to the subject in location, design, dwelling size, age and some features. These comparables have improvement assessments ranging from \$77,060 to \$99,461 or from \$35.24 to \$45.48 per square foot of living area. The subject's improvement assessment of \$96,229 or \$44.00 per square foot of living area, falls within the range of the comparables in the record. Based on this record, and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
