

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Acampora
DOCKET NO.: 22-01697.001-R-1
PARCEL NO.: 15-13-102-010

The parties of record before the Property Tax Appeal Board are Christina Acampora, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,232
IMPR.: \$162,774
TOTAL: \$234,006

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,358 square feet of living area.¹ The dwelling was constructed in 1981. Features of the home include an unfinished basement, central air conditioning, one fireplace and a garage with 552 square feet of building area. The property has a site with 21,392 feet of land area and is located in Lincolnshire, Vernon, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and within .42 of a mile from the subject. The appellant reported that the comparables are improved with 2-story dwellings of brick, frame or brick and frame exterior construction that range in size from 2,766 to

¹ Additional descriptive details regarding the subject property were gleaned from the property information sheet and the board of review grid analysis, which were not refuted by the appellant in any rebuttal filing. The appellant reported the subject dwelling contained 2,908 square feet of living area without any supporting documentation.

3,043 square feet of living area. The dwellings were built from 1978 to 1988. The appellant reported that each comparable has a basement, six with finished area, central air conditioning, either one or two fireplaces and a garage ranging in size from 400 to 717 square feet of building area. The comparables have improvement assessments that range from \$87,946 to \$144,016 or from \$29.04 to \$49.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$130,831 or \$38.96 per square foot of living area based on a dwelling size of 3,358 square feet.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,006. The subject property has an improvement assessment of \$162,774 or \$48.47 per square foot of living area.

In response to the appeal, the board of review stated that the appellant's comparables have been lowered in 2019.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables located in the same assessment neighborhood code as the subject and within .52 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, frame or brick and frame exterior construction ranging in size from 3,276 to 3,420 square feet of living area. The dwellings were built from 1978 to 1986. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 440 to 713 square feet of building area. The comparables have improvement assessments ranging from \$160,945 to \$170,797 or from \$48.78 to \$50.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of seventeen comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their dissimilar sizes and/or their basements with finished area, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are most similar to the subject in location, design, dwelling size, age and features. These comparables have improvement assessments ranging from \$160,945 to \$170,797 or from \$48.78 to \$50.06 per square foot of living area. The subject's improvement assessment of \$162,774 or \$48.47 per square foot of living area, which falls within the range of the best comparables on an overall improvement assessment basis but below the range on a per square foot basis. Based on this record, and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
