

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cynthia Glaser  
DOCKET NO.: 22-01699.001-R-1  
PARCEL NO.: 15-14-203-017

The parties of record before the Property Tax Appeal Board are Cynthia Glaser, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$72,688  
**IMPR.:** \$223,733  
**TOTAL:** \$296,421

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 4,703 square feet of living area. The dwelling was constructed in 1986 and has an effective age of 1994. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a garage containing 774 square feet of building area. The property has a 39,720 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject and within .49 of a mile from the subject property. The improved parcels range in size from 37,147 to 45,243 square feet of land area and have land assessments ranging from \$44,531 to \$83,213 or from \$1.20 to \$1.88 per square foot of land area.

Based on this evidence, the appellant requested a reduced land assessment of \$69,907 or \$1.76 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$298,850. The subject property has a land assessment of \$75,117 or \$1.89 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject and within .26 of a mile from the subject property. The improved parcels range in size from 23,571 to 27,876 square feet of land area that have land assessments ranging from \$64,927 to \$74,840 or from \$2.68 to \$2.75 square feet of land area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of fifteen land equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables, due to their smaller lot sizes when compared to the subject.

The Board finds the best evidence of land assessment equity to be the appellant's comparables, which are relatively similar to the subject in location and lot size. These comparables have land assessments that range from \$44,531 to \$83,213 or from \$1.20 to \$1.88 per square foot of land area. The subject's land assessment of \$75,117 or \$1.89 per square foot of land area falls within the range established on an overall land estimate total but is greater than the range on a per square foot basis. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
