

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hisashi Watanabe
DOCKET NO.: 22-01700.001-R-1
PARCEL NO.: 15-14-406-004

The parties of record before the Property Tax Appeal Board are Hisashi Watanabe, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,944
IMPR.: \$139,894
TOTAL: \$211,838

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,608 square feet of living area. The dwelling was constructed in 1984. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage with 528 square feet of building area. The property is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and within .73 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick, frame or brick and frame exterior construction that range in size from 2,608 to 2,928 square feet of living area. The dwellings were built from 1978 to 1985. Each comparable has a basement with finished area, central air conditioning, either one or two fireplaces and a garage ranging in size from 400 to 717 square feet of building area. The comparables have improvement assessments that range from \$111,231 to \$154,009 or from \$42.37 to \$52.82 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$129,318 or \$49.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,838. The subject property has an improvement assessment of \$139,894 or \$53.64 square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables located within the same assessment neighborhood code as the subject property and within .20 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 2,494 to 2,816 square feet of living area. The dwellings were built from 1984 to 1986. Each comparable has a basement with finished area, central air conditioning, one fireplaces and a garage ranging in size from 380 to 803 square feet of building area. The comparables have improvement assessments ranging from \$133,608 to \$162,738 or from \$53.57 to \$58.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is warranted.

The record contains sixteen suggested comparable sales for the Board's consideration. The Board has given less weight to appellant's comparables #3 and #6, which appears to be outliers with improvement assessments that are considerably lower than the other comparables in the record.

The Board finds the best evidence of improvement assessment to be the appellant's comparables #1, #2, #4 through #12 as well as the board of review comparables, which are relatively similar to the subject in location, design, dwelling size, age and features. These most similar comparables have improvement assessments ranging from \$121,351 to \$162,738 or from \$43.75 to \$58.41 per square foot of living area. The subject's improvement assessment of \$139,894 or \$53.64 per square foot of living area, which is greater than the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
