

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyle Bergstrom
DOCKET NO.: 22-01713.001-R-1
PARCEL NO.: 13-11-300-256

The parties of record before the Property Tax Appeal Board are Kyle Bergstrom, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,329
IMPR.: \$95,464
TOTAL: \$103,793

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,710 square feet of living area.¹ The dwelling was constructed in 1979. Features of the home include a walk-out basement with finished area, central air conditioning, two fireplaces and a detached garage with 241 square feet of building area. The property has 1,710 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 1,483 to 1,789 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction that range in size from 1,483 to 1,789 square feet of living area that

were built from 1978 to 1980. The appellant reported that each comparable has a basement, four with finished area, central air conditioning, either one or two fireplaces and a garage ranging in size from 242 to 484 square feet of building area. Comparable #4 was recently rehabbed. The comparables sold from February to October 2021 for prices ranging from \$200,000 to \$297,500 or from \$134.86 to \$175.32 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,793. The subject's assessment reflects a market value of \$311,410 or \$182.11 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. The comparables are located in the same assessment neighborhood code as the subject property. The comparables have sites of either 1,710 or 1,789 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction containing either 1,710 or 1,789 square feet of living area that were built in 1978 and 1979. Each comparable has a basement with finished area of either walk-out or look-out design. Each comparable has central air conditioning, two fireplaces and a garage containing either 241 or 441 square feet of building area. The board of review stated that each comparable has the same golf view as the subject. The comparables sold from July 2020 to March 2022 for prices ranging from \$297,500 to \$375,000 or from \$166.29 to \$219.30 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to appellant's comparables #1, #4 and #5, due to their smaller dwelling size and/or the lack of a finished basement, a feature of the subject property. The Board gave reduced weight to board of review comparable #4, which sold less proximate in time to the January 1, 2022, assessment date than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 as well as the board of review's comparables #1, #2 and #3. The Board finds that these comparables sold more proximate in time to the assessment date and are similar to the subject in

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative Decision, the Department of Revenue has not published figures for tax year 2022.

location, design, age, dwelling size, and some features. These comparables sold from January 2021 to March 2022 for prices ranging from \$281,000 to \$375,000 or from \$157.07 to \$219.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$311,410 or \$182.11 per square foot of living area, including land, which falls within the range of the best comparable sales in the record. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
