

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Art Dutkovic
DOCKET NO.: 22-01750.001-R-1
PARCEL NO.: 02-25-304-004

The parties of record before the Property Tax Appeal Board are Art Dutkovic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,361
IMPR.: \$77,804
TOTAL: \$87,165

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,032 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 462 square foot garage. The property has an approximately 10,630 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve comparables located within .25 of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables are reported to be 2-story dwellings of wood frame exterior construction that range in size from 1,940 to 2,109 square feet of living area. The dwellings were built from 1977 to 2000. Each comparable is reported to have an

unfinished basement, central air conditioning, and a garage ranging in size from 400 to 484 square feet of building area. Eleven comparables each have a fireplace. The comparables have improvement assessments that range from \$63,911 to \$76,737 or from \$30.49 to \$36.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,165. The subject has an improvement assessment of \$77,804 or \$38.29 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six comparables located within .25 of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of varying exterior construction ranging in size from 1,851 to 2,204 square feet of living area. The homes were built from 1988 to 1997 and each features an unfinished basement, central air conditioning, a fireplace, and a garage ranging in size from 361 to 704 square feet of building area. The comparables have improvement assessments that range from \$67,740 to \$85,448 or from \$36.42 to \$39.57 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eighteen equity comparables for the Board's consideration. The Board gives reduced weight to appellant's comparables #2 based on its significantly newer age relative to the subject. The Board finds the parties' remaining comparables to be similar to the subject in location, age, dwelling size, and most features. The comparables have improvement assessments that range from \$63,911 to \$85,448 or from \$30.49 to \$39.57 per square foot of living area. The subject's improvement assessment of \$77,804 or \$38.29 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
