

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Norman Hinds
DOCKET NO.: 22-01761.001-R-1
PARCEL NO.: 04-28-224-015

The parties of record before the Property Tax Appeal Board are Norman Hinds, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,120
IMPR.: \$35,650
TOTAL: \$41,770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,104 square feet of living area. The dwelling was constructed in 1956. Features of the home include an unfinished basement, a fireplace and a 576 square foot garage. The property has an 8,281 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 1-story dwellings ranging in size from 968 to 1,240 square feet of living area. The dwellings were built from 1936 to 1960 and have unfinished basements. Eight comparables have central air conditioning. Each comparable has a garage ranging in size from 264 to 624 square feet of building area. The comparables have improvement assessments ranging

from \$28,187 to \$38,628 or from \$25.54 to \$31.75 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,770. The subject property has an improvement assessment of \$35,650 or \$32.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 1-story dwellings of wood siding or brick exterior construction ranging in size from 1,015 to 1,131 square feet of living area. The dwellings were built from 1958 to 1964 and have unfinished basements. Four comparables have central air conditioning. One comparable has a fireplace. Each comparable has a garage ranging in size from 432 to 676 square feet of building area. The comparables have improvement assessments ranging from \$34,515 to \$37,584 or from \$32.32 to \$34.03 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 18 equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #3, and #5 through #12 as well as board of review comparables #1, #2, #3, and #6 due to differences in central air conditioning, dwelling size and/or age when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with board of review comparables #4 and #5 which overall are more similar to the subject in location, dwelling size, age and features. These comparables have improvement assessments that range from \$29,211 to \$34,841 or from \$27.74 to \$33.47 per square foot of living area. The subject's improvement assessment of \$35,650 or \$32.29 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis but slightly higher on an overall basis due to subject's somewhat larger dwelling size. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
