

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Linke
DOCKET NO.: 22-01780.001-R-1
PARCEL NO.: 06-01-202-047

The parties of record before the Property Tax Appeal Board are Craig Linke, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,545
IMPR.: \$102,098
TOTAL: \$119,643

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling built in 2000. The property has a 9,148 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with regard to the land as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables, 11 of which are located within .2 of a mile of the subject and within the subject's assessment neighborhood. The comparables are improved with one-story or two-story dwellings built from 1999 to 2018. The comparables have sites containing 9,583 square feet of land area. The comparables have land assessments ranging from \$16,206 to \$17,017 or either \$1.69 or \$1.78 per square foot of land area. Based on this evidence, the appellant requested the subject's land assessment be reduced to \$15,460 or \$1.69 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,643. The subject property has an improvement assessment of \$17,545 or \$1.92 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .04 of a mile of the subject and in the subject's assessment neighborhood. The comparables are improved with one-story or two-story dwellings built in 1999 or 2000. The comparables have sites containing either 9,150 or 9,580 square feet of land area. The comparables have land assessments of \$17,545 or \$17,828 or either \$1.86 or \$1.92 per square foot of land area. The board of review's grid also noted that the comparables are located on the same street as the subject and each comparable backs to a forest preserve like the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 16 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables and board of review comparable #3, which differ from the subject in site size.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4, which are identical to the subject in site size and back to a forest preserve like the subject. These comparables have land assessments of \$17,545 or \$1.92 per square foot of land area, which is equivalent to that of the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
