

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Herminio Archuleta  
DOCKET NO.: 22-01788.001-R-1  
PARCEL NO.: 06-08-307-002

The parties of record before the Property Tax Appeal Board are Herminio Archuleta, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,193  
**IMPR.:** \$70,932  
**TOTAL:** \$81,125

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood frame exterior construction with 2,150 square feet of living area. The dwelling was constructed in 2002. Features of the home include a basement with finished area,<sup>1</sup> central air conditioning, and a 400 square foot garage. The property has a 6,098 square foot site and is located in Lake Heights, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings ranging in size from 1,980 to 2,460 square feet of

<sup>1</sup> The board of review's evidence disclosed the subject has 806 square feet of finished basement area which was not refuted by the appellant in rebuttal.

living area. The dwellings were built from 1997 to 2002 and have unfinished basements. Five comparables have central air conditioning. Three comparables each have one fireplace. Each comparable has a garage with 400 or 462 square feet of building area. The comparables have improvement assessments ranging from \$60,778 to \$75,028 or from \$30.50 to \$31.24 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,125. The subject property has an improvement assessment of \$70,932 or \$32.99 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of wood siding exterior construction ranging in size from 1,998 to 2,221 square feet of living area. The dwellings were built from 2001 to 2003 and have basements with finished area. Five comparables have central air conditioning. Two comparables each have a fireplace. Each comparable has a garage with 400 square feet of building area. The comparables have improvement assessments ranging from \$64,622 to \$74,283 or from \$32.34 to \$33.72 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 18 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparable #6 due to differences in dwelling size, lack of central air conditioning and/or lack of finished basement area.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #5 which are more similar to the subject in location, dwelling size, age and features. These comparables have improvement assessments that range from \$69,978 to \$74,283 or from \$32.55 to \$33.72 per square foot of living area. The subject's improvement assessment of \$70,932 or \$32.99 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
