

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rita Corkill
DOCKET NO.: 22-01791.001-R-1
PARCEL NO.: 06-14-303-004

The parties of record before the Property Tax Appeal Board are Rita Corkill, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,969
IMPR.: \$76,663
TOTAL: \$91,632

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 10,770 square feet of living area. The dwelling was constructed in 1994. Features of the home include a unfinished basement, central air conditioning, one fireplace and a 400 square foot garage. The property has an approximately 10,770 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings ranging in size from 1,808 to 1,892 square feet of living area. The dwellings were built from 1991 to 1995 and have unfinished basements. Each comparable has central air conditioning and a garage ranging in size from 380 to 441 square feet

of building area. Seven comparables each have one fireplace. The comparables have improvement assessments ranging from \$63,894 to \$73,499 or from \$35.34 to \$38.85 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,632. The subject property has an improvement assessment of \$76,663 or \$40.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of vinyl siding exterior construction, each with 1,880 square feet of living area. The dwellings were built in 1994 and 1995 with comparable #4 having an effective age of 1996. Each comparable has an unfinished basement, central air conditioning and a garage with 400 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$77,906 to \$81,844 or from \$41.44 to \$43.53 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 16 equity comparables for the Board's consideration that are similar to the subject in location, age, dwelling size and most features. However, six of these comparables have identical an dwelling size as the subject. These six comparables have improvement assessments that range from \$72,883 to \$81,844 or from \$38.77 to \$43.53 per square foot of living area. The subject's improvement assessment of \$76,663 or \$40.78 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for any differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
