

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph McKernan  
DOCKET NO.: 22-01809.001-R-1  
PARCEL NO.: 06-27-205-038

The parties of record before the Property Tax Appeal Board are Joseph McKernan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,141  
**IMPR.:** \$111,642  
**TOTAL:** \$131,783

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,992 square feet of living area.<sup>1</sup> The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 441 square feet of building area. The property has an approximately 18,740 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .23 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings ranging in size from 2,528 to

2,693 square feet of living area. The homes were built in 1992 or 1994, with comparable #3 having an effective age of 1997. Each dwelling has central air conditioning, a fireplace, an unfinished basement, and a garage ranging in size from 420 to 483 square feet of building area. The comparables have improvement assessments ranging from \$88,883 to \$97,462 or from \$34.71 to \$38.46 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$105,124 or \$35.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,783. The subject property has an improvement assessment of \$111,642 or \$37.31 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .45 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of vinyl siding exterior construction containing either 2,992 or 3,032 square feet of living area. The homes were built in 1992 or 1993. Each dwelling has central air conditioning, one or two fireplaces, a basement with one having finished area, and a garage containing either 441 or 682 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$114,798 to \$120,748 or from \$38.37 to \$39.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparable #3 due to its inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparables #1 and #2, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$88,883 to \$120,748 or from \$34.71 to \$39.82 per square foot of living area. The subject's improvement assessment of \$111,642 or \$37.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
