

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Delance
DOCKET NO.: 22-01819.001-R-1
PARCEL NO.: 06-34-401-126

The parties of record before the Property Tax Appeal Board are Barbara Delance, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,136
IMPR.: \$59,751
TOTAL: \$71,887

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhouse with vinyl siding exterior construction with 1,680 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, and an attached 528 square foot garage.¹ The property has an approximately 1,507 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables that are located in the subject's assessment neighborhood code and within 0.20 of a mile from the subject. The comparables are improved with 2-story dwellings ranging in size

¹ Some descriptive information not disclosed by the appellant was drawn from the subject's property record card submitted by the board of review.

from 1,638 to 1,696 square feet of living area. The dwellings were built from 2004 to 2007. The comparables are reported to have unfinished basements and central air conditioning. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$49,890 to \$56,718 or from \$30.46 to \$33.76 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$56,204 or \$33.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,887. The subject property has an improvement assessment of \$59,751 or \$35.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven comparable sales that are located in the subject's assessment neighborhood code and within 0.23 of a mile from the subject. The comparables are improved with 2-story townhouses with vinyl siding exterior construction, each of which has 1,680 square feet of living area. The dwellings were built from 2004 to 2006. Each comparable has a basement with finished area, central air conditioning, and an attached 528 square foot garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$59,061 to \$60,025 or from \$35.16 to \$35.73 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nineteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their reported lack of finished basement area and lack of garage feature when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical to the subject in dwelling size and similar in location, design, age, and most features. These comparables have improvement assessments ranging from \$59,061 to \$60,025 or from \$35.16 to \$35.73 per square foot of living area. The subject's improvement assessment of \$59,751 or \$35.57 falls within the range established by the best equity comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
