

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Samuel Bentum-Sirirpi
DOCKET NO.: 22-01823.001-R-1
PARCEL NO.: 07-02-301-004

The parties of record before the Property Tax Appeal Board are Samuel Bentum-Sirirpi, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,540
IMPR.: \$82,099
TOTAL: \$102,639

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,739 square feet of living area. The dwelling was built in 2000. Features of the home include a partially finished basement, central air conditioning, one fireplace, and a 600 square foot garage. The property has an approximately 9,357 square foot site and is located in Waukegan, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables that are located in the subject's assessment neighborhood code and within 0.27 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,344 to 2,946 square feet of living area. The homes were built from 1994 to 2001. Each comparable is reported to have an

unfinished basement, central air conditioning, and a garage ranging in size from 380 to 649 square feet of building area. Ten comparables each have one fireplace. The comparables have improvement assessments that range from \$56,350 to \$79,363 or from \$23.06 to \$28.07 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$76,131 or \$27.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,639. The subject property has an improvement assessment of \$82,099 or \$29.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located in the subject's assessment neighborhood code and within 0.29 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding, brick and wood siding, or wood siding and Dryvit exterior construction ranging in size from 2,816 to 3,002 square feet of living area. The homes were built from 1994 to 2000. Each comparable has a partially finished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 546 to 835 square feet of building area. The comparables have improvement assessments that range from \$85,025 to \$94,093 or from \$29.95 to \$31.54 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seventeen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are reported to lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments that range from \$85,025 to \$94,093 or from \$29.95 to \$31.54 per square foot of living area. The subject's improvement assessment of \$82,099 or \$29.97 per square foot of living area falls below the range established by the most similar comparables in this record on an overall basis but within the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
