

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Asad Rihman
DOCKET NO.: 22-01830.001-R-1
PARCEL NO.: 07-17-110-004

The parties of record before the Property Tax Appeal Board are Asad Rihman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,324
IMPR.: \$80,432
TOTAL: \$91,756

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,974 square feet of living area. The dwelling was built in 1994. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 441 square foot garage. The property has an approximately 5,405 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the subject's assessment neighborhood code and within 0.23 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 1,974 to 2,263 square feet of living area. The dwellings were built from 1994 to 1998. Each comparable is reported to have an unfinished

basement, central air conditioning, and a garage ranging in size from 420 to 480 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$66,654 to \$86,552 or from \$33.77 to \$38.35 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,548 or \$37.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,756. The subject property has an improvement assessment of \$80,432 or \$40.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables located in the subject's assessment neighborhood and within 0.22 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction with each having 1,974 square feet of living area. The dwellings were built in either 1994 or 1995. The comparables each have a basement, seven of which have finished area. Each comparable has central air conditioning and a garage with 441 square feet of building area. Seven comparables each have one fireplace. The comparables have improvement assessments that range from \$79,523 to \$85,384 or from \$40.29 to \$43.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twenty-two suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #3 through #6, #9, and #10 which are reported to have basement finish, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #2, #7, and #8 which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$66,654 to \$80,432 or from \$33.77 to \$40.75 per square foot of living area. The subject's improvement assessment of \$80,432 or \$40.75 per square foot of living area matches the improvement assessment of board of review comparable #7 which falls at the upper end of the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
