

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marek Trojan  
DOCKET NO.: 22-01832.001-R-1  
PARCEL NO.: 07-19-111-009

The parties of record before the Property Tax Appeal Board are Marek Trojan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,478  
**IMPR.:** \$71,455  
**TOTAL:** \$92,933

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,692 square feet of living area. The dwelling was built in 1993. Features of the home include a partially finished basement, central air conditioning, one fireplace, and a 672 square foot garage. The property has an approximately 10,019 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the subject's assessment neighborhood code and within 0.80 of a mile from the subject property. The comparables are improved with 1-story dwellings with 1,692 square feet of living area. The dwellings were built from 1993 to 1996. Each comparable is reported to have an unfinished basement, central air conditioning, and a garage with 441 square

feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$60,979 to \$68,808 or from \$36.04 to \$40.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$67,815 or \$40.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,933. The subject property has an improvement assessment of \$71,455 or \$42.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables located in the subject's assessment neighborhood and within 0.84 of a mile from the subject property. The comparables are improved with 1-story dwellings of wood siding exterior construction with 1,692 square feet of living area. The dwellings were built from 1993 to 1996. The comparables each have a basement, nine of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage with either 441 or 588 square feet of building area. The comparables have improvement assessments that range from \$71,448 to \$75,234 or from \$42.23 to \$44.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twenty-two suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #1 which are reported to lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the nine remaining board of review comparables which are similar to the subject in location, design, age, dwelling size, basement finish, and other features. These comparables have improvement assessments ranging from \$71,448 to \$75,234 or from \$42.23 to \$44.46 per square foot of living area. The subject's improvement assessment of \$71,455 or \$42.23 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and matches the comparable at the lower end of the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
