

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Lijovic  
DOCKET NO.: 22-01834.001-R-1  
PARCEL NO.: 07-20-407-006

The parties of record before the Property Tax Appeal Board are Anthony Lijovic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$27,430  
**IMPR.:** \$130,264  
**TOTAL:** \$157,694

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,140 square feet of living area. The dwelling was built in 2018. Features of the home include an unfinished walkout basement, central air conditioning, 3.5 bathrooms or 14 fixtures, and a 762 square foot garage. The property has an approximately 12,262 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables that are located in the subject's assessment neighborhood code and within 0.14 of a mile from the subject property. The comparables are improved with 2-story dwellings ranging in size from 2,990 to 3,294 square feet of living area. The homes were built from 2017 to 2021. Each comparable is reported to have an unfinished basement and central air

conditioning. Eight comparables each have a garage ranging in size from 460 to 739 square feet of building area. Five comparables each have 2.5 or 3.5 bathrooms. The comparables have improvement assessments that range from \$100,024 to \$120,526 or from \$32.18 to \$38.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$102,945 or \$32.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$157,694. The subject property has an improvement assessment of \$130,264 or \$41.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables that are located in the subject's assessment neighborhood code and within 0.07 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,556 to 3,129 square feet of living area. The homes were built in either 2018 or 2019. The comparables each have an unfinished basement, two of which were described as walkouts. Each comparable has central air conditioning, 2.5 bathrooms or 10 or 11 fixtures, and a garage ranging in size from 470 to 762 square feet of building area. The comparables have improvement assessments that range from \$108,905 to \$128,639 or from \$40.86 to \$43.69 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eighteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #6, #7, #8, and #10 which lack a garage amenity, a feature of the subject. The Board also gives less weight to board of review comparables #2 through #6 which are considerably smaller dwellings than the subject.

The Board finds the best evidence of assessment equity to be the remaining appellant's comparables and board of review comparable #1 which are relatively similar to the subject in location, design, age, dwelling size, and most features. The eight remaining comparables have improvement assessments that range from \$100,024 to \$128,639 or from \$32.18 to \$41.11 per square foot of living area. The subject's improvement assessment of \$130,264 or \$41.49 per square foot of living area above the range established by the best comparables in this record. However, based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
