

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hector Figueroa
DOCKET NO.: 22-01835.001-R-1
PARCEL NO.: 07-18-304-043

The parties of record before the Property Tax Appeal Board are Hector Figueroa, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,754
IMPR.: \$84,388
TOTAL: \$115,142

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,323 square feet of living area. The dwelling was built in 1996. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 519 square foot garage. The property has an approximately 17,424 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables that are located in the subject's assessment neighborhood code and within 0.68 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,314 to 2,638 square feet of living area. The homes were built from 1993 to 1996. Each comparable is reported to have an

unfinished basement, central air conditioning, and a garage ranging in size from 400 to 622 square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from \$79,624 to \$90,368 or from \$33.73 to \$34.49 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$79,377 or \$34.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,142. The subject property has an improvement assessment of \$84,388 or \$36.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code and within 0.35 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction with either 2,323 or 2,335 square feet of living area. The homes were built in either 1996 or 1997. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, one fireplace, and a garage with either 519 or 649 square feet of building area. The comparables have improvement assessments that range from \$83,851 to \$89,111 or from \$36.10 to \$38.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted sixteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #8 as well as board of review comparable #3 which differ from the subject in dwelling size or has basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$79,624 to \$89,111 or from \$33.73 to \$38.16 per square foot of living area. The subject's improvement assessment of \$84,388 or \$36.33 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
