

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zachary Paszkiewicz  
DOCKET NO.: 22-01849.001-R-1  
PARCEL NO.: 08-08-307-010

The parties of record before the Property Tax Appeal Board are Zachary Paszkiewicz, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,941  
**IMPR.:** \$44,182  
**TOTAL:** \$51,123

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of wood siding construction with 864 square feet of living area. The dwelling was constructed in 1953. Features of the home include a partially finished basement, one fireplace, and a detached garage containing 506 square feet of building area. The subject property includes a site of approximately 6,071 square feet of land area located in Waukegan, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story homes of wood frame exterior construction with either 864 or 866 square feet of living area. The homes were built from 1950 to 1954. The comparables are described as each having an unfinished basement and a garage ranging in size from 252 to 672 square feet of

building area. The comparables have improvement assessments that range from \$24,884 to \$37,282 or from \$28.80 to \$43.15 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,123. The subject property has an improvement assessment of \$44,182 or \$51.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story dwellings with wood siding exterior construction each containing 864 square feet of living area. The homes were built in either 1954 or 1955 with effective ages ranging from 1976 to 1995. The comparables each have a basement, two of which have finished area. Three comparables each have central air conditioning. Three comparables each have a detached garage ranging in size from 440 to 720 square feet of building area. The comparables have improvement assessments that range from \$44,285 to \$53,131 or from \$51.26 to \$68.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seventeen equity comparables in support of their positions before the Property Tax Appeal Board. The Board gave less weight to the appellant's comparables as well as board of review comparables #2 and #4 which were reported to lack basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall more similar to the subject in terms of location, design, dwelling size, age, basement finish, and features. These comparables have improvement assessments of \$51,896 and \$53,131 or of \$60.06 and \$61.49 per square foot of living area. The subject's improvement assessment of \$44,182 or \$51.14 per square foot of living area falls below the improvement assessments of the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables in the record for differences from the subject, the Board finds that the appellant did not establish by clear and convincing evidence that the subject dwelling is inequitably assessed and, therefore, a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
